But on the first day of Venus Retrograde, 2018

In the first ever edition of the

You will find art dedicated to the sacred feminine
You will find helpful astrology shit that I made
a few hours ago

You will find the purged up subconscious
contents of A late nite anostalgic binge into my

Ugly Pretty

I'm very ugly
So don't try to convince me that
I am a very beautiful person
Because at the end of the day
I hate myself in every single way
And I'm not going to lie to myself by saying
There is beauty inside of me that matters
So rest assured I will remind myself
That I am a worthless, terrible person
And nothing you say will make me believe
I still deserve love
Because no matter what
I am not good enough to be loved
And I am in no position to believe that
Beauty does exist within me
Because whenever I look in the mirror I always think
Am I as ugly as people say?
